Dr. Paul Farmer
Partners in Health
641 Huntington Ave., 1st fl.
Boston, Massachusetts 02115

Dear Dr. Farmer:

Our book club recently read Mountains beyond Mountains. We were overwhelmed by your commitment and that of Jim Kim, Ophelia Dahl and all the others who work for Partners in Health around the world. We were particularly impressed by PIH's ability to look at its patients in their total context and address some of the other issues that make their lives so difficult and its ability to take on new challenges all over the world.

Our contributions to your work are enclosed. Also, please extend our condolences to Ti-Jean's family.

Sincerely,

Edith Holleman
Blair Book Club
